EDUCATION

Kasetsart University   Bangkok, Thailand
Bachelor of Engineering in Computer Engineering   *Jun 2021 - May 2025*
GPA: 3.91 out of 4.00 | Ranked 1st in GPA for Year 1 and Year 2
Relevant Courses: Data Structure, Programming, Algorithms, Software Engineering

WORK EXPERIENCE

True Axion Interactive Co., Ltd   Bangkok, Thailand
Game Developer Intern   *Apr 2023 - Jun 2023*
- Implemented features (Daily reward, Loot box reward list, Quick access page, Game credits) for the "Nice to Z You" game, with 50K+ downloads, utilizing Unity and C# following Jira's design.
- Acquired substantial teamwork experience, specifically in Scrum methodology, and notably enhanced communication skills through collaboration within the development team.
- Researched and developed a timeline system for the "Regulus" game prototype, alongside bug fixing tasks within the Regulus prototype environment.

TECHNICAL PROJECTS

MEEORDER - meeorder-frontend.vercel.app   Bangkok, Thailand
Front End Developer   *Jul 2023 - Oct 2023*
- Developed a Restaurant POS web application as part of a 13-member team project.
- Specifically contributed within a 6-member front-end team.
- Implemented crucial features like Use coupon, User management, Sale report page using React, Ant Design, and AJAX for backend communication, adhering to Figma design standards. This project followed sprint planning methodology, with weekly progress assessments.

Smart Reserve Car Park   Bangkok, Thailand
Back End Developer   *Jun 2023 - Feb 2023*
- Contributed to a web application project focused on car park reservation and viewing car park maps.
- Collaborated with a 3-person backend team, closely interfacing with frontend and hardware teams.
- Developed backend functionalities using FastAPI.

ACTIVITY

Front End Developer Teacher Assistant | Seed Zero Event   Bangkok, Thailand
Kasetsart University   *Jul 2023 - Aug 2023*
- TA for a front-end development course involving approximately 100 participants.
- Provided assistance to students encountering challenges with HTML, CSS, and JavaScript, offering guidance and support whenever needed during practice sessions.

Game Developer Instructor | Seed Zero Event   Bangkok, Thailand
Kasetsart University   *Jul 2023 - Aug 2023*
- Instructed approximately 40 participants, Year 2 students pursuing a B.Eng in Computer Engineering, utilizing the Pygame library.
- Emphasized crucial aspects of game development, including logic, design principles, gameplay mechanics, and user interaction.

SKILLS

Programming Languages: Javascript, Typescript, Python, C, C++, C#
Web Development: HTML, CSS, Tailwind CSS, React, Next.js
Tools: Git, Postman, Vercel
